OBJECTIVE

Motivated and results driven web developer skilled in JavaScript, React, TypeScript, and modern frameworks. Experienced in building responsive UIs, integrating REST APIs, and deploying scalable full-stack applications. Eager to contribute to innovative software and web projects using strong problem solving, debugging and communication skills.

EDUCATION

KIET Group of Institutions(Affiliated with AKTU, Lucknow)

2022-26

B.Tech in CSIT

PROJECTS

BlockAuth

Mar'25 - Current

- **Tech Stack:** React, Node.js, Express.js, MongoDB, HTML, CSS, JavaScript, JWT, Metamask, Ethereum, Solidity, IPFS
- Developed a full-stack web application with user authentication, product registration, and verification features using React, Node.js, Express.js, and MongoDB; frontend and backend are fully functional and deployed.
- Next phase involves integrating Ethereum smart contracts and IPFS for decentralized, tamper-proof product verification and storage.

Personal Portfolio Website ([Live](#))

2025

- **Tech Stack:** React, TypeScript, Tailwind CSS, Vite, HTML, CSS, JavaScript, EmailJS
- Designed and deployed a modern, responsive portfolio to showcase projects, technical skills, and contact information, featuring smooth navigation and a contact form with EmailJS integration.
- Continuously updated with new projects and improvements to UI/UX and accessibility.

GitHub User Finder ([Live](#))

2025

- **Tech Stack:** HTML, CSS, JavaScript, GitHub REST API
- Built a responsive web app using vanilla JavaScript that searches GitHub users and displays their profiles and repositories using the GitHub REST API.
- Enhanced with real-time search, error handling, and a clean, mobile-friendly UI.

TECHNICAL SKILLS

- **Languages:** Java, Python, C
- **Developer Tools:** Git, Git Hub, VS Code, PyCharm, IntelliJ, Docker
- **Web Development:** HTML, CSS, JavaScript, React
- **Databases :** MySQL, MongoDB

POSITIONS OF RESPONSIBILITY

Head of Fashion Domain, SPARK CREATIONS (College Fashion Society)

- Led fashion events, managing **30+ team members** across design, modeling, and creative roles.
- Directed styling, choreography, and music selection for impactful runway presentations.

Coordinator, Smart India Hackathon(SIH) 2024 – Hardware Edition

- Managed **20 jury members** and **100+ student registrations**, streamlining the grading process.
- Coordinated jury-student interactions, ensuring smooth evaluations and accurate assessments.
